

The 5th International Technology Transfer Conference 26th and 27th of September 2012

Call for papers

The Organizing Committee of the **5th International Technology Transfer Conference**, which will be held in Ljubljana, Slovenia on the **26 and 27 September 2012**, has pleasure of inviting you to take part at the **poster section of the conference**.

The conference is organized by the Jožef Stefan Institute in cooperation with TechnoCenter at the University of Maribor, the Slovenian Technology Agency, National Institute of Chemistry.

We invite all researchers from PROs (Public Research Organizations), authors of inventive and innovative technologies which with their applicable value are interesting and useful to the economy, to present their papers in the form of abstract and poster.

Contributed papers will be organized in poster section on 26 September 2012 at Jozef Stefan Institute and 27 September at National Institute of Chemistry in Ljubljana.

Important dates

- **September 10, 2012:** Final poster and abstract submission deadline.
- **September 12, 2012:** Paper acceptance notification and review process notification.
- **September 18, 2012:** Deadline for final versions of accepted papers.
- **September 26, 2012:** Poster section at the Conference.

Conference proceedings

All abstracts and posters of sufficient quality will be **published at the International Conference proceedings as ISBN/ISSN publication** and promoted at the conference website and (if agreed by the authors and organizers) at the Enterprise Europe Network (EEN) in the form of technology offer. The submission of the technology offer at the EEN is free of cost.

Paper submissions

Paper submission should be done by email: tehnologije@ijs.si.

The participation at the conference is free – there is no registration fee!

Please see Instructions for the authors: available at the conference web page:
