until , 5th of October

INSTRUCTIONS FOR PRESENTERS

Day 1 (Ljubljana, 7th October):

THE VENUE: Jožef Stefan Institute, <http://www.ijs.si/>, Jamova cesta 39, Ljubljana

WIRELESS CONNECTION: available in the main conference hall (network name:guest, P: dearguest).

Sections 1, 2, 3, 4 (responsible person Robert Blatnik, robert.blatnik@ijs.si +386 1 4773269)

Length of contributions: 15 minutes for the presentation, 5 minutes for the questions, total 20 minutes. Please consider the timeline at <http://tehnologije.ijs.si/technology-transfer-conference-2010/program.html>

Purpose of the contributions:

- 1) To present yourself and your institution very briefly – not more than 1-2 slides.
- 2) The main purpose is to outline
 - how technology transfer is done at your institution/area,
 - what are the main principles and how did you realize they should be used,
 - who supports your efforts (or if you are not supported, why)
 - who benefits (why and how this could be improved)
 - why does tech-transfer works like this for you and if something needs to be improved – why and how to improve it.
- 3) Concrete cases are of interest, but should not take more than 1/3 of time.

Listeners:

The majority of people, dealing with RTD and innovation activities in Slovenia are not aware of the fact that technology transfer alongside with VC and Business angel structures is in itself a systematic activity, supporting industry-research collaboration and enhancing its effect on the society. Systematization means a better distribution of activities among different kinds of professionals, including RTD, TT and industry people.

The conference is organized jointly by Jožef Stefan institute, with support from TehnoCenter University of Maribor, National Institute of Chemistry, University of Ljubljana, National Institute of biology and University of Nova Gorica (RRA SP). Financially it is supported by “Technology Agency of Slovenia”, “Public agency for entrepreneurship and foreign investments” and “Research agency of Slovenia” and “Young European Associated Researchers”.

INSTRUCTIONS FOR THE WORKSHOP ON SPIN-OFFING, Section 2, 7th of October, JSI 14h-16h

At the start of the workshop the commision members will have 5 min each for the introductions.

Please send the presentations to be uploaded in advance.

DIRECTIONS

BY BUS – 5 minutes

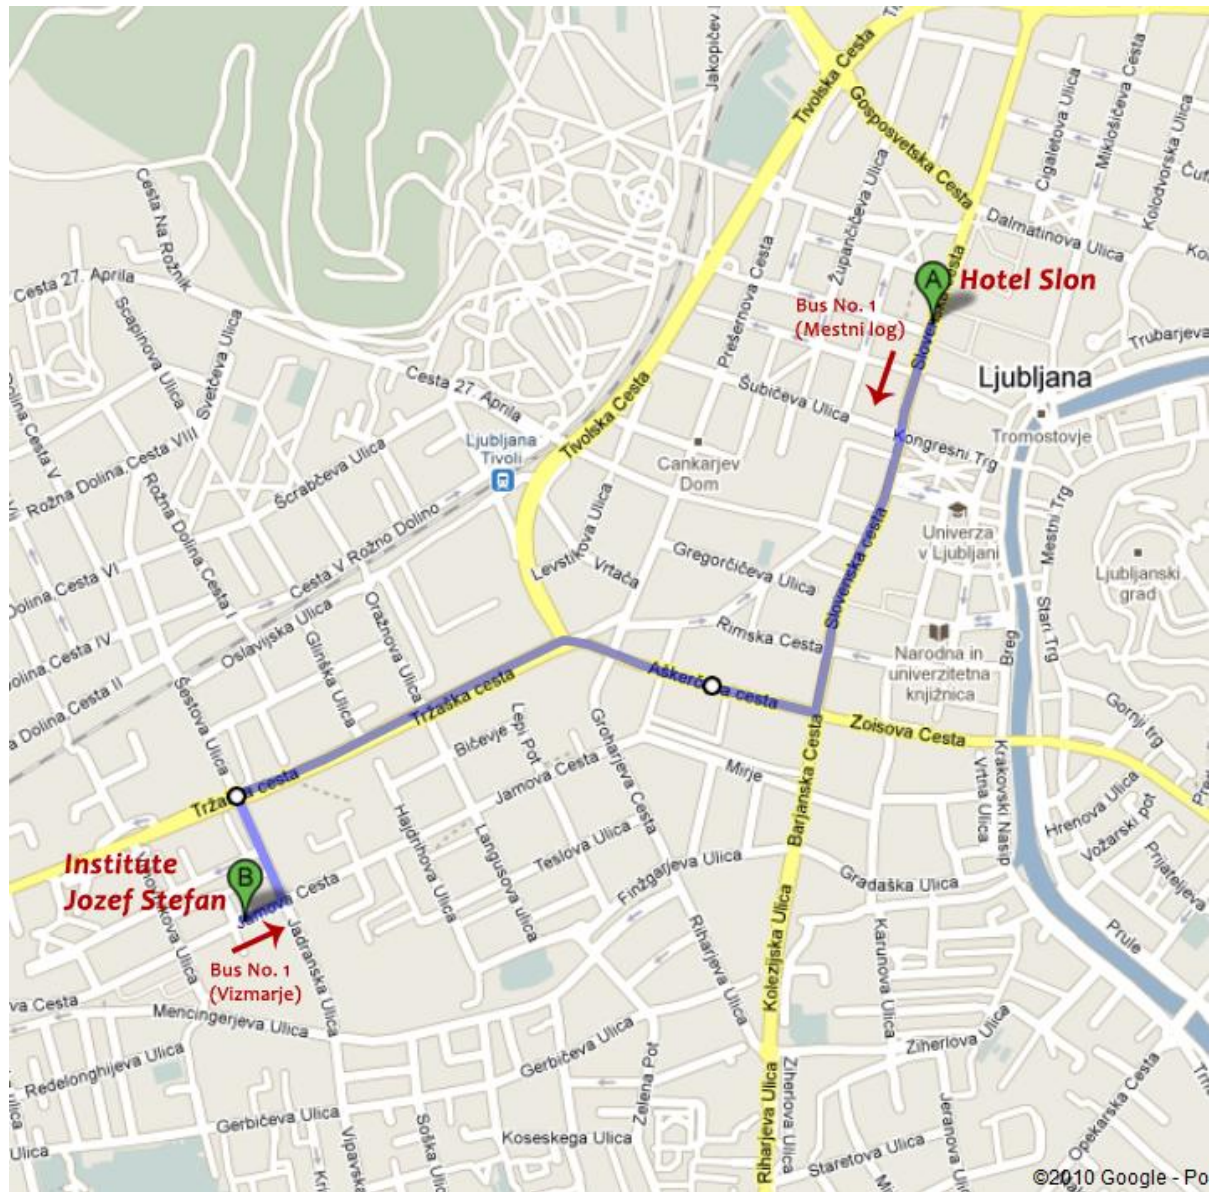

Directions from Hotel Slon to Institute Jozef Stefan

Take a bus No. 1 (**Mestni log**) – the bus station is on the other side of the road, opposite the Hotel Slon.
