Subject: Invitation to online Information Session on Chips JU Quantum Pilot Lines - 18 September 2024

Chips JU Quantum Pilot Lines

Online Info Session

Wednesday, 18 September

REGISTER

14:00-15:00

Dear Chips JU Stakeholder,

We are pleased to invite you to an online information session on the Quantum Pilot Lines, scheduled for the **18th of September, from 14:00 to 15:00**.

This session will provide valuable insights into the upcoming calls for Quantum Pilot Lines as part of the Chips for Europe Initiative. **Register [here](#)**.

Agenda - 18th September (14:00 - 15:00)

14:00 – 14:05: Welcome

14:05 – 14:25: Introduction to Call for Quantum Pilot Lines (European Commission)

14:25 – 14:40: Call Specifics and Submission Guidelines (Chips JU)

14:40 – 15:00: Q&A

The Chips Joint Undertaking is organizing two calls on Quantum Pilot Lines to accelerate the development of Quantum chips under the Chips for Europe Initiative:

First Call:

- **HORIZON-JU-Chips-2024-FPA-QAC-1:** Establishing Framework Partnership Agreements for developing Quantum Chip Technology for Stability Pilot Lines.

Second Call:

- **HORIZON-JU-Chips-2024-FPA-QAC-2:** Establishing Framework Partnership Agreements for developing Quantum Chip Technology for High-Quality Trapped Ions Pilot Lines.

These calls aim to launch framework partnership agreements focused on mature quantum chip production approaches closely aligned with established manufacturing processes. This session will cover detailed insights into the calls, including submission guidelines.

We look forward to your participation in this important session.

Kind regards,

Chips JU Communication Team
