

Networking event

Seas and Coasts for Healthy and Prosperous Societies: Blue Economy, Biodiversity, Climate Change

Science and Research Centre Koper,
Centre for Humanities ZRS Koper, Kreljeva 6, Koper, Slovenia

17 April 2025

8:30 – 16:30

Join us for a dynamic networking event focused on fostering partnerships and exploring opportunities for EU centralized funding in the fields of Blue Economy, Biodiversity, and Climate Change. This event will feature expert insights, project idea presentations, and engaging discussions among researchers, policymakers, and industry representatives.

The lineup of speakers includes Carlos Sebastian Villasante Larramendi, PhD, from University of Santiago de Compostela, Tit Neubauer, Katja Žagar, and Erik Potočar from Ministry of Higher Education, Science and Innovation of Slovenia, as well as Jerneja Penca, PhD, from Science and Research Centre Koper.

To secure your spot, please complete the [registration form](#).
Participation is limited and will be confirmed on a first-come, first-served basis.

We look forward to seeing you!
